

Creative Silviculture

Forest Stewards Guild 2019 Lake States Summer Meeting

We often refer to silviculture as the “art and science of growing healthy forests.” The Forest Stewards Guild welcomes you to northern Wisconsin to discuss some of the creative ways people are stitching together the art with science to improve forest stewardship.

The meeting will be held at the University of Wisconsin – Madison’s Kemp Natural Resources Station ([9161 Kemp Rd, Woodruff, WI 54568](#)). Look for the Kemp Station sign on WI Hwy 47 and do not be intimidated by the large “no trespassing signs”. Kemp Station is nearly 2.5 miles down Kemp Road. Meet in Connor Hall.

Monday August 5, 2019

- 9:30 Registration, coffee and cookies (Connor Meeting Hall)
- 10:00 Welcome to and orientation – Michael Lynch
