

Women's Chainsaw Safety Fundamentals

A TWO-PART, INTERACTIVE WEBINAR

In these virtual sessions we will cover:

- Personal protective equipment (PPE)
- Parts of the saw – taking apart saws
- Starting a saw – demonstration only. Please note that when you start a saw, you need **full and proper PPE**.
- Other chainsaw safety and maintenance topics
- Your questions!

YOU ARE INVITED

This online course is designed to provide a safe and welcoming learning environment for women who are new to chainsaws. We will introduce you to the fundamentals of women's chainsaw safety including how to find well-fitting safety equipment, choosing the right saw for you, how to maintain your saw, and other topics.

Saturday April 25th

9am-11am

Saturday May 2nd

9am-11am

Cost: Suggested donation of \$25 if you are currently able.
