

The Second Annual

NORTHWEST INNOVATIVE FORESTRY SUMMIT

Connecting the Future of Our Forests & Communities

You are invited...

The Summit is a venue for regional learning, exchange, and ongoing cooperation to implement ecological forest management strategies. Join a diversity of forest stewards for three days of forestry education and innovation in the woods.

At a glance:

- Field tours
- Small-group sessions
- Community building activities
- And more!

Sept. 30 - Oct. 2, 2022

FRIDAY 4PM TO SUNDAY 12PM

**@ University of Washington's
Pack Forest**

Each day will include a series of themed presentations and discussions from and for forestry researchers, practitioners, tribal members, and educators to share their approaches to modern ecological forestry.
