

## Lodging opportunities for attendees of Northwest Innovative Forestry Summit Oct 3-5, 2024

### On-site at Camp Jonah

- We have the unique opportunity to make use of Camp Jonah's summer camp dorm lodging. This includes multiple bunks in shared rooms. Similar to summer camp, it will be noisy, messy, and a little chaotic. If you would like to relive summer camps of youth's past, this is a great option for you! Be sure to bring a sleeping bag, pillow, and ear plugs!
- If you want to get the feel of attending summer camp, without staying in shared rooms, there is space available to bring a tent or RV and sleep on the property. There is no additional cost to make use of either of these lodging opportunities.
  - RV space is limited. To inquire, contact [rhiley@forestguild.org](mailto:rhiley@forestguild.org) or [chanda@forestguild.org](mailto:chanda@forestguild.org).
