

SLOW WOOD: ECOLOGICAL FORESTRY AND GREEN BUILDING IN NEW ENGLAND

Join us for an inspiring hybrid event with Dr. Brian Donahue, Professor Emeritus of American Environmental Studies from Brandeis University, to explore his new book ***Slow Wood: Greener Building From Local Forests.***

Brian and his two kids
on their family farm

We'll cover Donahue's take on embracing sustainable living, building his own timber frame home from local wood, and creating a blueprint to live more responsibly.

**1.0 CONTINUING FORESTRY EDUCATION CREDIT IS AVAILABLE
FOR ATTENDEES**

**Learn how using local wood in home building can heal our
relationship with forests and pave the way for a brighter future!**

When:

**May 1st,
2pm-3pm ET**

Where:

**Rm 311, Aiken Center, UVM
81 Carrigan Drive, Burlington
or via Zoom**
